HOW TO APPLY?

You must be nominated by your home university, unless you are a freemover.

LIVING EXPENSES

Students can expect to spend between € 800 and € 1100 per month on general expenses such as food, public transport, books, clothes, housing and insurance. You can generally rent a room for between € 400 and € 600.

COSTS

If your home university has an agreement with HAS University of Applied Sciences, you don't have to pay tuition fees. If there is no agreement in place, you will be expected to pay tuition fees. Depending on your programme, there may also be some additional costs for excursions and materials.

ACCOMMODATION

HAS University of Applied Sciences offers help in arranging a room during your stay in 's-Hertogenbosch or Venlo. The university does not have a campus. There are 3 types of accommodation: rooms in a student house, rooms with a landlord/landlady and rooms sublet by HAS students during their internship.

VISA REQUIREMENTS

Students from outside the European Union need a visa to study in the Netherlands. HAS University of Applied Sciences will apply for this visa on your behalf and guide you through the application process.

“The most fun was being able to explore different cities at the weekends, Dutch students inviting us to do things with them and the opportunity to work on projects for big companies”

Courtenay from the United Kingdom 

WELCOME

Every August we organise a number of Welcome Days, aimed at helping you settle into your new environment and get to know the other international students. During the Welcome Days we organise several social activities and help you with administrative matters such as registering with the municipality.

SUPPORT

We always have buddies available, in case you need any help getting started! You will also be allocated a coach, who will support you throughout your exchange. And, of course, the International Office can support you in all kinds of practical matters.
